

STEM DAY

TBD Date in September-October 2021

Grand prize winner receives 4 tickets to the Wildcats Classic at Wrigley Field on November 20th, 2021 against Purdue.

Multiple other prizes to be awarded throughout STEM competition

Every participant receives Northwestern prize pack and various other prizes courtesy of IBEW 134/NECA and Powering Chicago

WHAT DOES THE STEM COMPETITION ENTAIL?

The STEM group competition will allow students to form teams of ~four to test their team and time management skills. Students will learn how to:

- Calculate the electrical demand of a home
- Complete an electrician's challenge course
- Design a photovoltaic array
- Bend conduit

Respond to register your class for further information and lock in a spot within the Fall 2021 STEM Day competition.
